REMARKS

According to the Notice of Allowance issued June 8, 2009, claims 38-48 have been allowed.

In the allowed claims, claim 41 is dependent upon claim 36. Applicants noticed that that the claimed dosage range of VNP40101M recited in claim 41 would, for practical purposes, be outside the bounds of the claimed dosage range recited in independent claim 36. Therefore, Applicants' attorney spoke with Examiner Ganapathy Krishnan on June 26, 2009 and June 30, 2009, inquiring whether an amendment might be made to claim 41 so that it could be made independent. After consultation with his primary Examiner, Examiner Krishnan informed Applicants' attorney's office that an amendment pursuant to 37 CFR 1.312 would be permitted to be made to fix the problem raised.
